

FROM THE DESK OF RB THOMAS, JR.

JUST A THOUGHT - As we all know, participation in senior softball brings with it the opportunity to meet many new people and develop long lasting friendships. As we mature we come to understand more clearly the importance of friendships. Friends help us think our best thoughts, do our noblest deeds and be our finest selves. Count your age in friends not years. Ann and I look forward to seeing all our "softball" friends at the ball park this year.
